

ONSITE PROGRAM

POWER of CONNECTION

Blending Tech, Creativity,
and Human Ingenuity

In Ballroom 3

KEYNOTE Wednesday 2:15 pm – 3:15 pm

Gerry Brooks, Presents:

*Personal Climate and Culture...
It's Up to You (S09)*

During this session, attendees will learn strategies for making the workplace a pleasant place where faculty, administrators and support staff maintain mutual respect, regardless of personal differences. Attendees will be given ideas that can help promote a healthy, respectful working relationship even

when opinions differ. Ideas that maximize opportunities to get to know colleagues and create camaraderie, taking advantage of 15 seconds here and there throughout the day, will be shared.

In Ballroom 2

LUNCHEON Friday 12:30 pm – 1:30 pm

Jeffrey Bracken, MA, Presents:

*When Your Purpose Ignites
Our Passion (S53)*

According to Maslow's Hierarchy of Needs, we cannot reach our fullest potential unless we first satisfy our basic physiological needs, then our safety/security needs and then our need for love and belonging. For us individuals with hearing or speech impairments, we can more easily be stuck

in that second or third category. Despite all of us being made with unique gifts, skills and talents that can help us live out our passions, the struggle of inclusivity or belonging, is real. I hope to inspire you with my story and how your purposeful work allowed me to live out my passions and maybe reignite your passion.

Welcome to Lexington

Welcome to Lexington, Kentucky where speech-language pathologists and audiologists come together to experience ***The Power of Connection: Blending Tech, Creativity, and Human Ingenuity***. This theme celebrates the innovation and versatility that drive our professions and inspire us to make a difference in our communities. Participate in engaging sessions, explore the exhibit hall, and connect with colleagues who share your love for lifelong learning and advancing the field.

Together, let's learn, share, and strengthen the power of connection at the 2025 KSHA Convention!

Leigh Anne Roden, Ed.D., CCC-SLP, KSHA 2024-2025 President

Co-Directors Welcome

Welcome to this year's KSHA Convention!

We are excited to invite you to experience the ***Power of Connection*** with friends and colleagues from across the Bluegrass State and beyond.

The Convention Committee has worked hard to curate an outstanding lineup of presenters to reignite your passion for the field and expand your knowledge on current topics in the profession. Be sure to take a break and enjoy the tailgate, participate in the silent auction and cheer on your alma mater during the Golden Brain competition!

Finally, we want to express our heartfelt thanks for your unwavering dedication and commitment to the field.

Your Chairs,

Barbara Martha Shaw and Allison Hatcher

TYLER'S TIPS

FOCUS FORWARD
ADHD COACHING, SUPPORT & RESOURCES

WHAT IS ADHD?

BY TYLER DORSEY

Tyler Dorsey is an ADHDer turned ADHD life coach. She is passionate about educating on all things ADHD and supporting fellow ADHDers as they create their path to success.

Many believe that ADHD is just the hyperactive, bouncing off the walls, talking out of turn, young boys. While that is one way ADHD presents, it is only a small portion of what ADHD really is. ADHD is also the quiet day dreamer who is in all Honors and AP courses and getting good grades but barely keeping up. ADHD is the adult who sent their child for an ADHD

Speech Dreamers™

BECAUSE EVERY
SLP HAS DREAMS

Speech Dreamers is a
movement and community
created by an SLP for SLPs.

Our vision is to support the
personal side of the SLP, to
support those who help everyone
else, to support the heart of the
clinician. We hope that our
products encourage you to reflect,
rest, and rejuvenate.

Who are you when you
take off your SLP hat?
Let's honor her with rest
and rejuvenation.
